

## OPTIMISTIC AFTER FIRST MEETING OF THE GOVERNORS

### Study Technical Means of Lifting Blockade at An Early Date

### MAY UNIFY CURRENCY

### Guard Views Because of Many Breakdowns in Past

By John A. Reichmann  
I. N. S. Staff Correspondent  
WASHINGTON, Sept. 1—(INS)—Washington officials anxiously watched actions of Berlin's Communists today for hints as to progress of blockade and currency negotiations.

Officials were generally optimistic following the first meeting of the four Allied military governors studying technical means of lifting the blockade and unifying the local currency.

However, optimism was guarded in view of the many breakdowns in the past just as Western diplomats felt accord was within reach.

It has been made clear that these two problems were out of the hands of the Big Four Moscow discussions for the present. Any slip or controversy now would have to occur in Berlin.

The most immediate concern during this period centers around the disturbances which have taken place in the divided city. Demonstrations against the Berlin Assembly by the Communists who have twice broken up assembly might indicate the situation was out of hand or that Soviet officials contemplated them.

That the two problems of the Soviet imposed blockade and currency are directly interlocked has been made clear in official statements that they are being considered together.

It was recalled that the blockade was imposed only after the Western zones announced their merger and had issued a separate German mark for that area.

The Soviets retaliated by the blockade as necessary to the protection of their economy.

This view has not been questioned by the Western powers, who reportedly have agreed to make the Soviet mark, issued later, legal tender for all Berlin. Previous disputes have centered around control of currency in Berlin.

The Soviet attitude has been that control be entirely in their hands.

## Report Hurricane 400 Miles East of Atlantic City, N. J.

WASHINGTON, Sept. 1—(INS)—The Weather Bureau announced today that the Atlantic hurricane was 400 miles east of Atlantic City at 5:30 a. m. (EDT) and moving northeast.

In a special report the bureau added that "while no dangerous winds are expected on the coast, storm warnings have been ordered from Block Island to Provincetown and small craft warnings from Cape Cod to Portland, Me."

The report said the center of the storm, with winds of 100 miles per hour, was moving northeast at 30 miles per hour, and that the "area of disturbance" now covers a space 400 to 500 miles in diameter.

The report also said that further westward movement is indicated, but that temperatures will average about two degrees above normal at the time of the storm.

Advising that the storm will be in the Cape Cod area Saturday or Sunday, the report said that the total rainfall expected to fall on the Cape will be one-quarter of an inch.

**CAL WEATHER OBSERVATIONS**  
WIND: 10-15 mph, gusts to 20 mph.

## A&P Announces Plan of Retirement of Employees

In a letter to more than 110,000 employees of the Great Atlantic & Pacific Tea Company, John A. Hartford, president, announced today that the company had adopted a retirement plan.

Entire cost of the retirement plan will be borne by the company and no employee will be required to contribute. Some details of the program, tentatively scheduled to become effective Oct. 1, still remain to be worked out, but all full-time employees who have completed five years of service automatically become members. Those with shorter periods of service become members as soon as they have completed five years with the company.

The retirement plan is in line with the company's policy of sharing with its employees and customers savings brought about by efficiencies in the field of food distribution. It was the first in that field to adopt a five-day work week for food store employees, insurance and other benefits.

In the letter to employees Mr. Hartford said:

"In adopting this plan the company is giving recognition to the loyal service of its employees who have aided in the progress and success of the company. . . I am confident that, with your continued loyalty and cooperation, we can look forward to such successful operation in the future."

## HERE AND THERE IN BUCKS COUNTY TOWNS

### Activities of Interest To All in The Various Communities

### CLEANED BY SCRIBES

Plans were completed for the big attraction at Sell-Perk High Athletic field. Firemen of both Sellersville and Perkasie are sponsoring the program and the proceeds will go into the Convention fund treasury. This fund is being accumulated to finance the annual convention of the Bucks County Firemen's Association which will be held in Sellersville next year with both companies sharing the role of host.

The time of the program was definitely set for Friday night, September 19, with Wednesday, September 15 as the rain date.

The program will begin with a softball game between the two fire companies and will conclude with a big display of fireworks which will provide at least an hour of spectacular entertainment.

Somebody got a cheap power lawnmower. At least it will be a bargain until the police catch up with the thief who pulled a fast one on Harvey R. Gehman, West Coast street store owner at Doylestown.

Gehman, who conducts an automobile accessory and household specialties store, had a number of pieces of merchandise on display outside his store. One of the items was a new 18-inch Dynamower.

Police saw the store owner place the mower outside his building, about 7:30. Several hours later the mower was missing.

With descendants in attendance the annual reunion of the Slotter family was held Sunday at Menlo Park, Perkasie. Highlights of the day included a picnic and the awarding of prizes.

Awards were presented to the following members of the clan: Youngest descendant, not attending. Continued on Page Two

## A SUMMARY OF THE NEWS

The four military governors of Germany met in Berlin yesterday in the first of a series of talks on Berlin's currency. They will seek a formula under which Soviet-issued money would be the city's only currency but under effective four-power control that would give the Russians no advantage, not shared by the other occupying powers.

It was learned in Washington that the United States was reviewing its policy of reparations from Germany in the light of the European Recovery Program and had sought British and French co-operation in curtailing dismantling of plants.

Former Premier Schuman, after having outlined a program against general wage increases but in favor of broad subsidies, won a 322-to-185 confidence vote from the French Assembly. He hoped to form a Cabinet today.

Col. Gen. Andrei A. Zhdanov, member of the Soviet Politburo, an organizer of the Cominform and frequently mentioned as a possible successor to Premier Stalin, died after an illness, Moscow announced. Physicians attending former President Benes of Czechoslovakia said his condition was extremely serious.

## Bensalem Rotarians Meet at Glen-Ashton

Members of the Bensalem Rotary Club met last evening at Glen-Ashton Farms, the real estate development of Howard I. Leister in Bensalem Township. There was a tour of inspection of a number of the residences on the development.

A real old-fashioned clam bake was enjoyed, as well as the enchanting camp fire, public singing and refreshing entertainment.

Philip G. Mack presided. A new member was welcomed, Headmaster Saunders, of Penryn school, Andalusia.

The guests of the evening were Dr. W. B. VanHorn, Holmesburg, introduced by George J. Hoss; Mr. Clem. Brennan, Treviso; Mr. Joseph J. Tholey, Neshaminy Falls, introduced by J. Maurice Tomlinson.

The next meeting will be held Tuesday, September 7th, at 6:30 p. m., in Kings Hall, Andalusia.

## Contents of Freight Cars Damaged by Blaze

Two open freight cars full of wood pulp on a Wilmington-bound freight train caught fire just before noon as the train was passing through Bristol.

The cars were brought to a halt at the Pennsylvania Railroad station and an alarm sent to the Consolidated Fire Department. The blaze was extinguished after several minutes of spraying the pulp. Care had to be used in wetting the wood pulp as there was danger of the water from the hose hitting the high tension wires overhead and electrocuting the firemen.

Train signalmen were posted at the rear of the cars to halt all oncoming traffic until the fire was extinguished.

## 5 More Mouths To Feed At Eliassen Farm, Quakertown

QUAKERTOWN, Sept. 1—(INS)—Mrs. Ada Eliassen, of Riegelsville, R. D. 1, has five new mouths to feed, with the arrival of quintuplets on her farm.

The quintuplets are heifer calves born in pasture yesterday, and, according to Dr. F. J. Cavanaugh, Quakertown veterinarian, such a multiple birth is a rare occurrence.

Cavanaugh said the quintuplets are black and white holsteins and have a fine chance of survival. He placed them in the Eliassen barn, where they are "doing nicely."

## Mrs. Grace Placente Dies In Burlington; 69 Years Old

BURLINGTON, N. J., Sept. 1—Mrs. Grace Placente, widow of Joseph Placente, died here yesterday in her 69th year.

Relatives and friends are invited to attend the funeral from her late residence, 306 Jones avenue, tomorrow morning at nine o'clock. Requiem mass at St. Paul's Church at ten o'clock. Burial will be in Laurel Hill cemetery, here. Friends may call this evening.

## 'AXIS SALLY' GETS HEARING DELAY

AFTER BEING GRANTED a delay in her treason charge hearing until Sept. 17, Mildred Elizabeth Gillers, 47, the "Axis Sally" of the Nazi radio, leaves the U. S. Marshal's in Washington. Breaking into tears when she appeared before U. S. Commissioner Cyril Lawrence, "Axis Sally" said she had been "abducted" from Germany by U. S. authorities. She was given time to retain a lawyer and get hospitalization. (International)

## JUNIOR MUST BE ABLE TO MEET CHILDREN

It is Important That He Be Able to Associate With Others

### SCHOOL A NEW WORLD

Dr. Paul W. Bixby is associate professor of elementary education at the Pennsylvania State College and looks back on a varied and successful career as teacher and administrator. This is the second of three articles intended to give parents of first-grade pupils some helpful advice.

By Dr. Paul W. Bixby  
The ability to count to ten, or to recite the alphabet, is of little importance to a child on his first day of school.

Counting to ten means little more to a child than repeating a series of words that begins with "one" and ends with "ten." But there are many things, far more important things, that a child should know when he marches off for his first day of school.

It is important that Junior knows how to get along with other children. Parents should look forward to this day and help to prepare him for the occasion. If he is timid, he should know that he can defend himself. If he is the aggressive type, he should have been taught outlets for his excess energy, other than those of teasing or bullying other children.

The first day of school, to a child is his first day in a new world. He should be prepared to enter this new world with joyful anticipation instead of trembling with fear.

Curiosity is the root of all education and parents should be careful that they don't destroy this root in the early childhood of their son or daughter. Discouraging a child when he asks a question, instead

### HORZEMPA FUNERAL

Walter Horzempa, 43, who died in Bellevue Hospital, New York City, of heart prostration, on Sunday, will be buried from the R. L. Horner funeral home, Langhorne, Saturday morning at 9:30 o'clock. He was a cousin of Mrs. Joseph Smidt, Parkland, and visited there frequently. The Rev. Roger Hollis, Parkland Community Church, will officiate. Burial will be in U. S. National Cemetery, Beverly, N. J.

The first Europeans to come here under the new law on displaced persons' entry are due to arrive next month. Washington said 2,500 to 3,000 would be admitted then.

Testimony of former Assistant Secretary of State Berle made public by the House Committee on Un-American Activities disclosed a rift with former Under-Secretary of State Acheson over a stiffer attitude toward Russia in 1944. Mr. Acheson, whose aide was Alger Hiss, won and there was no hardening of the United States attitude, Mr. Berle said.

Congress has no right to investigate internal affairs of a union, James B. Carey, CIO secretary-treasurer, said in refusing to appear before a House group planning to inquire into alleged Communist influence in the electrical union.

The CIO Executive Board, 35 to 12, endorsed President Truman for re-election and assailed the Wallace ticket. Mr. Truman will deliver a major speech on September 18th at

## TOMATO BLIGHT NOT AS SEVERE AS LAST YEAR

Many Growers Think It Is Worse Than Two Years Ago

### WILL CAUSE LOSSES

The tomato blight in Bucks county is not as severe this year as it was last year, according to County Agent William F. Greenawalt. But it is as bad if not worse than two years ago, when tomato growers suffered severe losses. Some growers have pointed out that it is much worse this season than it was two years ago. The yields will be greatly reduced but the loss cannot be estimated at this time.

Because of the blight, Mr. Greenawalt says the plants are losing their leaves, and this results in a large amount of sun scald because the tomatoes are not protected from the sun.

Commenting upon the situation, Mr. Greenawalt, who first noticed signs of blight the forepart of July, said the intense heat last week will have a tendency to curb the blight, which causes the plants to wilt and eventually die.

Because of wet weather in the Spring, the tomatoes are maturing somewhat later than usual this season, and in this connection Mr. Greenawalt pointed out that the peak of the season is expected by Labor Day.

It was pointed out by Mr. Greenawalt that growers who applied sprays and dusts consistently throughout the entire growing season have found that their plants have not been so seriously affected. Even though it is rather late in the season, Mr. Greenawalt pointed out that it is not too late to apply liquid sprays and dusts in an effort to save the plants.

## Joseph W. Schindler Dies at His Home Here

Joseph W. Schindler died at his home at 1119 Radcliffe street, last evening. He was a former resident of Baltimore, Md., and is survived by his wife, Marian W.

Services will be held Friday afternoon at two o'clock at the funeral home of John C. Black, 314 Cedar street, with the Rev. Edward G. Yeoman, pastor of the Bristol Presbyterian Church officiating. Burial will be in Greenwood cemetery, Trenton. N. J. Friends may call tomorrow evening.

Regular school sessions will begin on Wednesday morning at nine o'clock.

## NEW TYPE PLANE SOON TO BE UNVEILED

Lanier Aircraft Corporation Says "Dream" Plane Is Almost Ready

### ITS DESIGN IS UNIQUE

"The post war 'dream' plane you have waited to see is nearly ready for unveiling, and it is even better than you dreamed of. It's the plane of the century," says a spokesman for the Lanier Aircraft Corporation, State road.

"Imagine a plane that won't stall, slip-off and spin—can take off in less than 100 feet—can make a 360° landing (about 25mph), or, if necessary, make an autogiro-type dead stick landing in not much more than its own length. An airplane that is its own parachute in case of engine failure. And you can keep it in your single car garage."

"It is a dream plane but it isn't a dream. It is an honest-to-goodness, light, personal plane called the Paraplane which is an ultra-smart, little two-seater of new design and operates on a revolutionary principle."

"What makes the plane behave in such an extraordinary manner is a patented Lanier wing which gives the Paraplane tremendous lift, remarkable stability and acts as a built-in parachute. In fact, one Lanier plane using only an eight-foot Lanier wing made Ripley's Believe It or Not! in 1931."

"The Paraplane removes the major obstacles to flying for the masses. Its inherent safety and stability, ease of operation, low cost and ability to utilize small, close-in fields will bring flying within the reach of Mr. Average Person. It makes 'Every Field an Airport.'"

"The Paraplane was designed by Edward M. Lanier, president, and detailed by the engineering staff of the Lanier Aircraft Corporation, after more than 20 years of research and development by him and his father, the late Edward H. Lanier, a pioneer in aviation who built his first plane in 1907, just a few years after the Wright Brothers," concludes the statement.

## ST. ANN'S ELEVEN GETS EARLY START IN PRACTICE GAMES

Coach Jack Hinkle is not wasting any time in whipping his St. Ann's A. A. gridders into shape for the forthcoming season. Hinkle and his cohorts have been holding practice sessions three and four times weekly on Leedom's field.

To quote Hinkle: "We will be the best equipped and best conditioned independent football team in this section."

Hinkle, former University of Syracuse star and lately of the Philadelphia Eagles and Los Angeles Dons, of the professional leagues, is a resident of Germantown and has accepted the job of coaching the Purple and Gold this season.

There is also a possibility that the St. Ann's mentor may do some playing. He is in perfect condition and if anyone saw him getting off those long boots in the practice drill last Sunday could see that he would be a valuable asset only if he got in there to punt. Last season, several of the St. Ann's games were lost because of the inability of the backs to get off good kicks.

An abundance of football material has reported to the St. Ann's coach. Hinkle has six ends, five tackles, three guards, and three centers and 12 backfield men. However, the former Eagles' star has announced that he will carry but 25 players on his squad once the season gets under way.

The St. Ann's organization has broadened its scope of limits in securing players. Several of the mole-skin wearers are from Trenton, two from Mount Holly, several from Morrisville, and the remainder from this vicinity.

Most of the players have now had one year of semi-pro experience behind them, having played under Coach "Mike" DeRisi last season and gaining a wealth of experience.

Outstanding among the backfield candidates are: Moe Caucci, who played with the Hope Fire Company team of Burlington last season; Mickey Stradling, whose passing was the best of this area, until he was injured and later finished the season with Morrisville; "Reds" Feele, last season's star, who recently was discharged from the U. S. Army; Leo Fiorelli, who was the best in the backfield last season when it came to running the ball; Bill Marion and Bob Myernich, Trentonians, who joined the Saints late last season. Jim McCallister, formerly of Morrisville High; Nick Lomma, plunging back from last season; Ernie Setch, of Mt. Holly High; Johnny Fiorelli, C. Chickletti and Jim Missenella, are the others trying out for backfield posts.

"Buck" Proby, who captained the team most of last season, is back for a guard position and will be aided by "Buck" DeFranco and Bob Calone, also experienced linemen. DeFranco played with a high school in West Virginia.

"Mike" Pone, of last season's Bristol High team, is trying for a pivot position but both Paul Caucci, from last season, and Art Wilson, of Mt. Holly, are also edging for the position.

Leading the tackle aspirants is "Carm" Gullato with his years of experience in this post. Frank DeRisi, former Trenton High captain, seems certain for a starting berth although the others, "Moony" Stallone, "Al" Sozio, and "Hank" Spinnelli, are coming up fast.

Both "Howie" Keys and "Moonie" Denny are back for wing positions with Tony Calone being in fine shape in come up for a regular position. Other fighting for positions are "Lou" Pezzullo, "Lou" Angelo, and Tony Romano.

Hinkle is being aided in his coaching position by Joe "Chick" Ciarella, who aided DeRisi last season.

The booking of the St. Ann's games is being handled by "Lou" Niccols and Leon Ciarella. Manager Niccols intends to book his first game under the lights during the third week in September. Tentative bookings have been listed for Baltimore, Md., Wilmington, Del., and Pottstown.

Other St. Ann's managers are: John "Squiggy" Whyne, Angelo Nocito, and John Field, Jr.

The entire football team will work in conjunction of the St. Ann's A. A. athletic board of which Sammy Moffo is chairman.

a matter unacceptable in view of the heavy contributions being made to the upkeep of Berlin by the United States particularly.

Officials declined to predict the length of the Berlin talks. Any halt presumably would have to be referred back to Moscow and, in turn, to the involved governments. However, it was believed that a deadline has been set.

Should an agreement be reached on these Berlin problems, it was believed that a meeting of the Big Four foreign ministers might be scheduled to discuss other outstanding problems.

So much time has elapsed, however, that it appeared no such meeting could be held to coincide with the opening of the U. N. General Assembly in Paris on Sept. 15.

## Junior Must Be Able To Meet Children

Continued from Page One

of replying with an intelligible answer, is one of the best ways to destroy this root.

By satisfying this curiosity during the pre-school age, parents will do much to help the child understand the meaning of what he reads when he goes to school. And gaining the meaning from the words on the printed page is of greater importance than the pronunciation of the words.

Parents also can help children by reading to them and cultivating their interest in books. This helps to acquaint them with books and to develop their curiosity and desire to learn.

A child can profit, too, by being encouraged to help mother and dad about the house. He thus gains a feeling of being a useful member of the family. There is no happier way to teach a child than to work with him in doing things.
